A two-day non-partisan truth conference with speakers, movies/clips & music discussing our current state of affairs and how we got here. From 9/11, the “wars on terror” and the private, not public, Federal Reserve to the undermining of the U.S. Constitution and Bill of Rights via Patriot Acts 1 & 2, to connecting the dots between different events that go unreported (or under-reported), as a whole, in our mainstream media. Come learn what many do not know, but what many are waking up to. Knowledge is power.
